## "The Big Picture"

This Sunday we are going to be talking about Vision & Mission, and we are going to discuss what this means for the church as a whole. Over the last year, I've begun to finish what I started all those years ago. I decided to go back to school, and as I am finally seeing the finish line, I look back over the years and find that it hasn't been without its fair share of struggles. I truly think that I could not have finished this challenged without seeing the big picture. Without having vision & mission, I do not think that I could've seen this through.

Sometimes we can get overwhelmed when we see something that may seem impossible to complete, but that is why we set goals. Here over the next few weeks the leadership of this church will sit down to discuss our vision & mission for 2018. That involves ministries and finances. We want to challenge/encourage you to be in prayer over these things. We as a leadership know that it takes all of us working together to fulfill this vision & mission. Will you partner with us? If so, we will fulfill this mission and reach the finish line together.

Think about it. Pray about it. God bless.
